

FIRED UP ABOUT

FLAMES[®]

Simulation Framework

The following is a partial list of valued FLAMES customers.

U.S. Department of Defense
Defense Modeling and Simulation Office (DMSO)

U.S. Air Force
96 Communication Group (CG), 46th Test Wing
505 Training Group (505 TRG)
505 Training Squadron (505 TRS)
Air Armament Center (AAC/XR)
National Air and Space Intelligence Center (NASIC)
Research Laboratory, Air Vehicles Directorate (AFRL/RB)
Research Laboratory, Munitions Directorate (AFRL/RW)
Research Laboratory, Sensors Directorate (AFRL/RX)
Space Command (AFSPC)
Transformation Center
Wargaming Institute (AFWI)

U.S. Army
Aviation and Missile Command (AMCOM)
Missile and Space Intelligence Center (MSIC),
Defense Intelligence Agency (DIA)
Program Executive Office, Simulation, Training and
Instrumentation (PEO STRI)
Space and Missile Defense Command (USASMD)

U.S. Marine Corps
Modeling & Simulation Management Office (MCMSSO)
Marine Corps Reserves

U.S. Navy
Space and Naval Warfare Systems Command (SPAWAR)

U.S. Corporations
AEGIS Technologies Group, Inc.
Applied Research Associates, Inc. (ARA)
The Boeing Company
CG², a Quantum3D, Inc. Company
Charles River Analytics Inc.
Colsa Corporation
Computer Sciences Corporation (CSC)
Dynetics, Inc.
General Dynamics Advanced Information
Systems (GD-AIS)
Geodynamics Corporation
Georgia Institute of Technology
(Georgia Tech)
Institute for Scientific Research, Inc. (ISR)
Johns Hopkins University Applied
Physics Lab
Lockheed Martin
Miltec Corporation
The MITRE Corporation
Northrop Grumman Corporation
Radiance Technologies
Raytheon Company
Science Applications International
Corporation (SAIC)
Sensis Corporation
Smiths Aerospace (North America),
Electronic Division
Summit Solutions, Inc.
SWL, Inc.
SYColeman, formerly Coleman Research
Corporation (CRC)

U.S. AIR FORCE

GENERAL DYNAMICS

Swedish Defence FMV
Materiel Administration

communications

BAE SYSTEMS

Raytheon

smiths aerospace

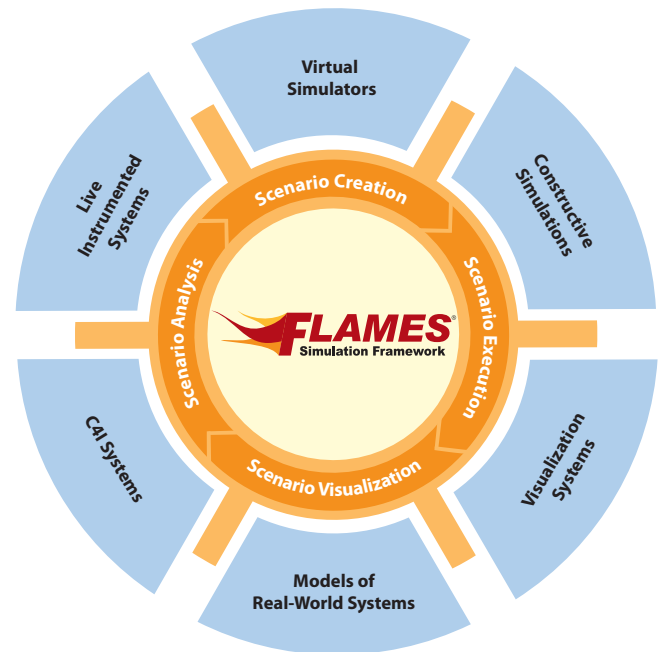

U.S. ARMY

International Government
 Belgium Armed Forces Royal Defence College (RDC)
 Canada Communications Research Centre
 Defence Science and Technology Laboratory (DSTL Analysis), UK
 Finnish Defence Forces Technical Research Centre (PvTT)
 FMV, Swedish Defence Materiel Administration
 FOI, Swedish Defence Agency
 French Army
 Hellenic Air Force, Greece
 HQ AIRNORTH, Ramstein Air Base, Germany
 NATO C3 Agency (NC3A), The Netherlands
 TNO Defence, Security and Safety, The Netherlands
 NATO Combined Air Operations Centers (CAOC),
 Germany, Denmark, UK, Portugal, and Greece
 NATO Programming Centre (NPC), Belgium
 Republic of China Air Force (ROCAF), Taiwan
 Republic of Korea Air Force
 Spanish Navy Operations Research Laboratory
 United Arab Emirates Air Force
 UK Joint Force Air Component (UK JFAC)
 UK Ministry of Defence (MoD)

International Corporations
 Aselsan A.S., Turkey
 BAE Systems Advanced Technology Centres -
 Sowerby Research Center, UK
 BAE Systems, Defence Systems, UK
 BAE SYSTEMS (C4ISR), UK
 EADS Deutschland GmbH, Germany
 EADS Systems & Defence Electronics, France
 Indra, Spain
 Komatsu Ltd., Japan
 MBDA, UK and France
 Mitsubishi Electric Corporation (MELCO), Japan
 Mitsubishi Precision Co., LTD. (MPC), Japan
 Page Europa S.p.A., Italy
 QinetiQ Ltd., UK
 Smiths Aerospace (Europe), Electronic Division, UK
 Thales Air Defence, (formerly SHORTS Missile Systems), UK
 Thales Sensors, UK
 Thales Training & Simulation (TTS), UK

FLAMES® is a powerful simulation framework that addresses all aspects of constructive simulation development and use, including customizable scenario creation, execution, visualization, and analysis, as well as interfaces to constructive, virtual, and live systems. FLAMES minimizes the amount of software development needed to get a full-featured, working simulation. At the same time, the open, object-oriented architecture of FLAMES gives you the flexibility to modify or enhance your simulation as necessary to meet your specific requirements. Get the simulation you need, when you need it, with FLAMES.

Since 1989, Ternion Corporation has provided quality commercial simulation products and custom software development and support services to government and commercial organizations worldwide. Ternion is a privately held, employee-owned company located in high-tech Huntsville, Alabama.
